

Cookies on Getswish website

January 2018

Cookies are files stored in your computer which are created by the websites you visit. We use them to give you a better experience on the website. We do not collect any information about you as a user, only anonymous statistics which we use to improve our website. We do not share the information with any other party.

Sometimes we use cookies from other companies, third party cookies, in order to measure number of visitors to our website. We use Google Analytics, for further information, see Google's website.

It is possible to use getswish.se even if you have blocked cookies in your browser but this might affect the user experience. You can also remove cookies which have been stored previously. For further information please see your browsers help function.
